Vide referance cited, the ADG, UIDAI, RO, Delhi has informed that even after implementing Rs.10,000/- penalty on the Operators who are demanding money for Aadhaar enrollment, the UIDAI is still receiving complaints regarding enrollment centers demanding money for enrollment or over charging for Aadhaar related services.

In this regard UIDAI, Headquarters has decided to increase the fine amount from Rs.10,000/- per incident to Rs.50,000/- per incident and further informed that if any operator bypasses the Biometric capture/Validation during enrollment if found by UIDAI the Operator will be imposed with a penalty of Rs.1,00,000/- per enrollment machine.

Up on the receipt from UIDAI the same will be implemented on the concerned SCAs/CSP and all the SCAs/CSP are requested to circulate the same to all the VLEs.

Yours faithfully
